

- Imagine the screenshot below was from a website you are testing. Without any more information about the exact specification, which issues can you detect ?

The screenshot shows the SQA Travel website interface. The header includes the SQA Travel logo, navigation links (FLIGHTS, HOTELS, RAIL, TOURS, INSURANCE, ISIC, SPRING BREAK, TRIP PLANING, DEALS, DESTINATIONS, CONTACT US), a search bar, and a phone number (1-800-781-4040). The main content area features a large banner for "Extra Space \$100 OFF DUBAI" with a background image of Rio de Janeiro. Below the banner is a search and booking section with fields for "From", "To", "Departure", "Return", and "Flexible dates". There are also dropdowns for "Students", "Under 26", and "Adults 27+". A "FIND YOUR FLIGHTS" button is present. Below this is a section for "INTERNATIONAL STUDENT FLIGHTS" with four deals: LONDON (\$317), PARIS (\$393), CANCUN (€499), and SAN JOSE, CR (\$153). Each deal has a "»" link. At the bottom, there is a "TOP TRAVEL DEALS" section with four categories: ADVENTURE TRIPS (TOURS), EUROPE BY TRAIN (HOTELS), ACCOMMODATION (EURAIL), and ROUND THE WORLD (RTW). The footer includes a copyright notice (© 1996-2012) and a date stamp (Page visited on 3/3/2014).

Annotations on the screenshot:

- 1: Points to the "\$100 OFF DUBAI" text in the banner.
- 2: Points to the "»" link in the LONDON deal.
- 3: Points to the "\$393" price in the PARIS deal, with a note "Missing '>>'".
- 4: Points to the "€499" price in the CANCUN deal.
- 5: Points to the "\$153" price in the SAN JOSE, CR deal.
- 6: Points to the "STUDENT FLIGHT DEALS" section header.
- 7: Points to the "Page visited on 3/3/2014" date stamp, with a note "Date format can be 03/03/2014 format".
- 8: Points to the "HOTELS" category in the "EUROPE BY TRAIN" deal.
- 9: Points to the "EURAIL" category in the "ACCOMMODATION" deal.
- 10: Points to the "Flexible dates" checkbox in the search section.
